To Whom It May Concern:

Reference Letter for the ERB Smart Living – Massage Service

It is our pleasure to use the Smart Living – massage service as one of our staff benefits since 2007. Your on-site massage services are in good quality and convenient, as long as call to the referral centre, masseuses will be arranged to our office accordingly.

All the quality massage work is performed by well trained masseuses since they have gone through healthcare massage retraining course provided by ERB and have passed the practical skill test. Mostly, our staff enjoy the service in relieving tension and muscular pain resulted from the hectic life style.

We look forward to continually using your services in the future and making recommendations to other companies so as to assist the people in need and the graduates of the related training programme to actualize their potentials and enhance their employability.

Yours sincerely,  
For and on behalf of  
Celestial Asia Securities Holdings Limited

Carrie Law  
Head of Human Resources and Administration
