

“Training x Workplace Navigation Programme” 2025

The "Post-50 Training x Workplace Navigation Programme" features a series of activities, including Company Visit, New Skills Workshop and Training and Career Consultation Workshop running from November 2025 to February 2026. Through the Programme, participating “Post-50s” can deepen their understanding of industry development and skill training options, acquire new skills, and receive support in planning their skills development and career paths, preparing them to re-enter the workplace.

Company Visit

Understand the development opportunities of various industry sectors, covering hospitality, catering, retail, aviation security, etc.

New Skills Workshop

Learn new digital skills such as AI application, image generation, knowledge on online business, etc.

Training and Career Consultation Workshop

Support planning of skills development and career paths.

Programme Target: “Post-50” applicants (people aged 50 or above)

Activity Period: November 2025 to February 2026

Online Application: www.erb.org/50exp/apply

Enquiry: 2732 9601 (Project Coordinator: Christian Action)

Applications are now open

Programme Details
(in Chinese only)

- Participants will be arranged to attend a company visit session, a new skills workshop and a training and career consultation workshop once each; and participants should attend all the assigned sessions. Company Visit and New Skills Workshop are offered with different themes. Activity enrolment is limited by relevant quotas which will be arranged on a first-come-first-served basis.
- For the latest information of activities and details of the Programme, please refer to the website of the Programme. ERB and the Project Coordinator reserve the right of final decision on programme arrangements which are subject to change without prior notice.
