## 1 Preface

### The Employees Retraining Board

The Employees Retraining Board (ERB) is a statutory body established in 1992 under the Employees Retraining Ordinance. ERB co-ordinates, funds and monitors training courses and services and its service targets are eligible employees of Hong Kong aged 15 or above.

ERB provides a diverse range of training courses and appoints about 80 Training Bodies operating around 370 training centres across the territory to offer market-oriented training courses to help trainees map out their progression ladder. ERB endeavours to provide a flexible, quality and resilient labour force for the knowledge-based economy of Hong Kong.

ERB is dedicated to assisting eligible employees of Hong Kong of non-Chinese origin in broadening their development opportunities through appropriate training and employment services, helping them integrate into society, and striving for the well-being of themselves and their families.

## **Training Courses**

With a view to improving the employability of the ethnic minorities and facilitating their integration into the local community, ERB provides dedicated training courses delivered in English to suit the aspirations and training needs of the ethnic minorities. To facilitate the attendance of the ethnic minorities who can comprehend Cantonese, courses conducted in Cantonese and supplemented with English training materials are also offered and covered in this Prospectus. Major categories of courses include:

- Placement-tied Courses: Placement-tied Courses on vocational and professional education and training are generally offered in full-time mode. Courses straddling different industry categories and aiming at equipping eligible trainees with skills required by the market are dedicated for the unemployed. Trainees with an attendance rate of at least 80% in the placement-tied courses are provided with placement follow-up services at least 3 months by Training Bodies to help them re-enter the job market. The courses also include training on personal attributes and job search skills, which aim to enable trainees to strengthen their interpersonal skills and enhance their employment opportunities.
- Skills Upgrading Courses: Skills Upgrading Courses are part-time non-placement-tied courses provided to eligible
  clientele including the unemployed and in-service workers. Vocational and professional education and training
  straddling different industries are provided with the aim of enhancing the skills competency of practitioners and
  fostering their attainment of multi-dimensional skills. Non practitioners may also enrol in individual courses which
  provide basic knowledge of the industries. These courses aim to broaden their employment opportunities through
  training and facilitate their job mobility.
- Generic Skills Courses: Generic Skills Courses are part-time non-placement-tied courses on training of transferable skills applicable in different industries including foundation skills (Workplace Languages and IT Applications) and personal attributes are provided to eligible clientele including the unemployed and in-service workers.
- Youth Training Courses: Youth Training Courses are operated in full-time placement-tied mode and offered under the banner of Youth Training Programme. The Youth Training Programme targets at non-engaged youth aged between 15 and 29. The courses, which are more suitable for applicants with educational attainment at secondary school level or below, aim to stimulate the youth's desire to learn and study, and motivate them to actively plan for their career. A wide variety of courses are offered to cater for their diverse interests. With enhanced self understanding, trainees will be able to unleash their potential for career development or further studies.

Members of the public may gauge a preliminary understanding of their career aspirations through the use of an ERB online tool named "Training and Career Needs Test" and select a suitable training course accordingly. "Training Consultancy Service" is also available in ERB Service Centre and ERB Service Spots for service targets that require personalised advice on enrolment. For details, please refer to page 3.

From 1 April 2023 onwards, ERB provides vocational skills training for trainees of the "Youth Employment and Training Programme" (YETP) of the Labour Department. YETP trainees may enrol in a variety of ERB training courses\* including the youth training courses through Career Advisors of the YETP. The Labour Department will provide career development and relevant follow-up services to YETP trainees.

\* Placement follow-up service and retraining allowance for regular ERB placement-tied courses are not applicable to YETP trainees. For details of training allowance provided by the YETP, please visit the YETP's website (www.yes.labour.gov.hk).

#### **Placement Services**

Training Bodies appointed by ERB provide trainees who have attained an attendance rate of at least 80% in the placement-tied courses, with a placement follow-up period of at least 3 months (for placement-tied courses which are conducted in English and suitable for eligible employees of Hong Kong of non-Chinese origin, the placement follow-up period lasts for 6 months). For courses under the "Enhanced Placement Service Model", the Training Bodies provide enhanced placement follow-up services for the trainees who have attained an attendance rate of at least 80% in these courses. Please check with the Training Bodies concerned for details of each course. During the follow-up period, Training Bodies will regularly contact the trainees to update their employment status. Training Bodies should report the employment details of each trainee to ERB after completion of follow-up period. Trainees should provide such information to Training Bodies as far as possible.

#### Qualification and Certification — Qualifications Framework

The "Qualifications Framework" (QF) has been established and officially launched by the Government since 2008. QF-related quality assurance is undertaken by the Hong Kong Council for Accreditation of Academic and Vocational Qualifications (HKCAAVQ). The QF is a cross-sectoral hierarchy designed to put in order qualifications in the academic, vocational and continuing education sectors with a view to facilitating life-long learning and assisting individuals to set personal goals and directions in continuous studies for obtaining recognised qualifications.

Recognised qualifications are uploaded onto the "Qualifications Register", which is a web-based database on learning programmes leading to such qualifications and the relevant operators, granting bodies, QF Levels, modes of delivery, etc.

To promote recognition of the qualifications of ERB graduates, designated ERB courses will be submitted to the HKCAAVQ for accreditation. Around 320 ERB courses on offer are accredited by the HKCAAVQ and QF-recognised. Please refer to "ERB Courses on the Qualifications Register" in the last section of the Prospectus or visit the QR website at www.hkqr.gov.hk for more details. In addition, ERB has obtained the "Programme Area Accreditation" (PAA) status at QF Levels 1 to 3 under the "Catering, Food and Beverage Services" sub-area since 2018-19 and then obtained the second PAA status at QF Levels 1 to 3 under the "Computer Science and Information Technology" sub-area in 2021-22. ERB also successfully went through the Periodic Institutional Review in the "Catering, Food and Beverage Services" sub-area in 2022, demonstrates that ERB has a track record of managing and assuring the quality of its learning programmes within the approved scope.
