The Employees Retraining Board (ERB) offers the “One-stop Training and Employment Scheme”¹ (the Scheme) which integrates pre-employment training, on-the-job follow-up and continuous upskilling support services. With the introduction of more flexible training options, the Scheme aims to encourage the unemployed, non-engaged or those seeking jobs to engage in pre-employment training and join industries with keen manpower demand. Skills upgrading training will be arranged for participating trainees of the Scheme in the course of employment, with a view to supporting them to pursue further study and sustain in employment, catering for the manpower needs of various industries.

SERVICE TARGETS

- Eligible employees of Hong Kong² aged 15 or above
- Unemployed, non-engaged and those seeking jobs who meet the entry requirements of individual courses

CHARACTERISTICS

Pre-employment Training

- Under the Scheme, the appointed training bodies of ERB will assist employers in recruitment and offer pre-employment training courses. Participating employer may choose Placement-tied Course or Non-placement-tied Course (including Skills Upgrading Course or Generic Skills Course) as the pre-employment training option³, providing flexibility to tailor the training to the specific skill requirements and work arrangements of particular positions.
- Employment contracts (with employment period of not less than 1 year)⁴ will be signed between employers and enrolled trainees before the commencement of pre-employment training. The contracts will come into effect after the completion of the pre-employment training.
- Eligible trainees completing the Placement-tied Courses (with an attendance rate of 80%) will be disbursed retraining allowance.

On-the-job Follow-up Support⁵

- Training bodies will provide 6-month on-the-job follow-up and training support for eligible trainees completing pre-employment training courses, including arrangements for continuous upskilling and support services.
- Employers are encouraged to provide flexible work arrangements, on-the-job guidance and training to help trainees sustain in employment.

Continuous Upskilling

- Trainees should complete 1 ERB training course (including Skills Upgrading Course or Generic Skills Course) during the follow-up support period. Eligible trainees will be disbursed training allowance after staying in employment for at least 6 months.
- Trainees who are employed on a full-time basis, stay in employment for at least 6 months and complete 1 designated training course, will be eligible for training allowance⁶, subject to a maximum of \$18,000 per trainee.
