To whom this may concern:

I would like to sincerely thank Vivian for her excellent services as a postpartum helper during the period of April 23, 2017 to July 10, 2017. Vivian has prepared well-cooked soup, dessert and food for me during this postpartum period for my speedy recovery. She is an experienced care taker of new born babies and took excellent care of our new born baby girl. This allowed me to get the maximum amount of rest during this hectic postpartum period. Vivian has given me unparalleled support with my breast feeding. Her techniques in back massage and heated back treatments soothed my backaches during this period as well. Vivian is also a good team player who listened to my various other requests. As a matter of fact, I and my husband loved Vivian's services so much that we extended her employment with us for an additional 15 days. I strongly recommend Vivian as a "postpartum helper" for whoever is interested in hiring her.
