

29th October 2019.

To whom it may concern:

Auntie Ying (英姐) has been my confinement lady for the period from 17 September 2019 to 29 October 2019. During that time, her main duties were taking care of my baby boy and preparing meals for me.

Although she has just worked for me for one and a half month, I can find that she is a very caring and considerate confinement lady. She demonstrated her passion on her job which is really of high appreciation. Everyday, she does ask me about my health situation and prepare corresponding food for me. Her cooking skills is very good and actually she can cook whatever you would love to eat. She always recommends fresh food and even tells me where to buy the food can enjoy the best deals. I would say I have been recovering well after the delivery of my baby. Thanks for her effort! My family will miss her for sure, especially my 4-year-old daughter who likes to play and chat with Auntie Ying.

I would happily recommend her for any mother-to-be she chooses to undertake. If you have any questions about her work and abilities, I would be pleased to answer and I can be reached by

Sincerely

Mrs Tsang
