

Recommendation Letter

To whom it may concern,

I am writing this letter to recommend _____, Amy as your post-natal care worker (陪月員).

Amy, who is one of the top and popular post-natal care workers on the platform of Smart Baby Care (陪月一站), displayed her professionalism and dedication to duty in taking care of my wife and newborn baby during the period between 2020-09-11 and 2020-11-7. From my observation, Amy is a very experienced and skillful post-natal care worker as she can always understand and fulfill the physical and mental needs of the mother and baby. Amy is good at cooking and is very knowledgeable about the nutritional and medicinal values of different food. My wife found the meals prepared by Amy not only delicious but also helpful in recovering her body as well as breastfeeding my baby. What is more, Amy was very caring and patient when taking care of my baby. She would maintain a high standard of hygiene and at the same time make sure my baby feel relaxed and comfortable when feeding milk and changing diaper etc. More importantly, Amy was patient and skillful in teaching me and my wife to do the same. What impressed me the most was that Amy would always take the initiative to conduct counselling with my wife, which effectively helped to relieve the stress and nerve of my wife who is a mother of first time. Also, Amy would act as the communication bridge among the family members in order to facilitate our coordination and cooperation in taking care of our baby, her presence was found helpful in maintaining the harmony in my family.

I and my wife feel lucky and happy to have Amy with us during such an important period of time. We are highly satisfied with Amy's excellent service and thus have no hesitation to recommend her to anyone who is looking for an experienced and professional post-natal care worker.

Yours faithfully,
AU
